*Budget Estimates of the Bangalore
Municipal Commission for the year
1936 - 37.*

Notes and Orders.

479/36.

(A)

Under Rule 6 of the Rules at S.N.17 of F.337-1912, the budget estimates of the Municipal Commission have to be approved by the Resident.

The expenditure of the Municipal Commission was reviewed recently and S.Ns. 1 to 4 of collection at (K) may kindly be seen in that connection..

Pages 2 and 3 of the budget contain the summary of the estimates for 1937-38. The figures in cols. 3 and 13 represent the estimated receipts (ordinary and capital) and those in cols. 2 and 12 represent the estimated expenditure (ordinary and capital). Explanations for large variations in the budget for 1937-38 as compared with that for 1936-37 are given in the budget notes prepared by the Commission..

A statement showing the general budget position of the Commission for 1937-38, as compared with the revised estimates for 1936-37, is prepared and submitted.

It will be observed that in 1936-37 the opening balance was Rs.2,61,718/-, whereas in 1937-38, it is only Rs.77,619/-. The large reduction is mainly due to the Commission having had to pay the water supply deficits of 1935-36 and 1936-37 from their own funds, the Government grants for water supply having been withdrawn..

Receipts including Government grants for 1937-38 are estimated at Rs.11,70,175/- and the expenditure at Rs.12,29,482. The excess of Rs.59,307/- is to be met from the opening balance of Rs.77,619/-. The closing balance for 1937-38 will therefore be Rs.77,619 minus Rs.59,307 or Rs.18,312/-. This

however

* This is built up of rents received from Model Houses constructed by Municipal Commission out of Government grants. A separate account is maintained for this Fund.

This however includes the Rent Account and Government grant balances. If it is analysed, its actual position will be as follows:-

Municipal Balance	Rs. (-) 56,354
Rent Account	67,366 (page 54 of Budget - Encl. 1)
Government Grant Account	7,300 (Col. 23, page 3 - to -)
Total.	<u>18,312</u>

Even if the Commission is given credit for Rs. 56,572/- due from the military authorities, the Municipal balance will be only Rs. 218/-. This clearly shows that the Commission's budget position is very unsatisfactory.

The estimates have been examined and the following remarks are offered:-

Page 6 of the estimates. (E. & L. T. P. & C.)

Salaries and allowances have been provided only at the reduced rates.

The increase under Pensions and Annuities is mainly due to the pension payable to Mr. Murphy (Executive Engineer), who will shortly be retiring.

The usual provision of Rs. 10,000/- on account of 'Reserve for New Works' has been omitted in accordance with para 7-I (5) of the printed letter at S.N.1.

Page 8 of the estimates.

The Civil Works Establishment has been reduced in accordance with para 7-II(2) of our printed letter at S.N.1 and only a sum of Rs. 4,256/- has been provided on this account in the budget, as against over Rs. 8,000/- in previous years.

The grant for Suburban Roads was reduced from Rs. 8,000/- to Rs. 4,000/- vide para 8 of the printed letter at S.N.2; and only the reduced amount has been provided in the budget.

Details for the large provisions of Rs. 50,000/- and

Rs. 15,000/- included from the R.D. Grant. This may not come -
R. R. R.

and Rs.15,000/- appearing under "(3) Other Roads -(Cantonment Roads)" have not been furnished. They seem to be based on past actuals. The Commission may perhaps be asked whether expenditure on these two items cannot be reduced by 10% in view of the unsatisfactory state of their finances.

The allotment for 'Footpaths and rounding of corners' has been reduced to Rs.3,000/- in accordance with para 7-I(1) of the printed letter at S.N.1.

Page 9 of the estimates..

The grant from Road Development Fund has been shown as Rs.22,000/- in the revised estimate for 1936-37.. The amount actually paid during the year was only Rs.3,000/- and odd; but they are likely to receive about Rs.15,000/- more towards that year's account.

Page 12 of the estimates..

A sum of Rs.66,500/- has been provided for lighting charges (payable to Mysore Government). Please see in this connection para 12 of the printed letter at S.N.1. The Commission's attention may be drawn to this and a report asked for.

Page 16 of the estimates.

The provision proposed for Educational Superintendent will have to be reduced in view of the proposal to abolish the post. This question is being dealt with separately.

In the budget for 1937-38 a sum of Rs.7,930/- has been provided on account of "Contributions to private individuals" as against Rs.7,280/- in 1936-37.. Details are given on page 21 of the Appendix. It would appear that the Commission are too liberal in making grants.. The institutions might be deserving; but the Commission can hardly find money for such purposes.

Page 18 of the estimates..

A provision of Rs.5,000/- has been made in the budget for 1937-38 for an Anti-Tuberculosis Dispensary.. A grant from the Silver Jubilee Fund has been paid for constructing the building and the provision made is for establishment and other charges only. The Commission may be asked whether the scheme for the dispensary is ready. If not, the provision may be cut out. A similar provision was made last year also; but was not utilised..

Page 22 of the estimates..

The Commission have applied for an additional grant of Rs.4,200/- for the continuance of the temporary establishment sanctioned for Anti-Malarial work. This is being considered separately..

Page 30 of the estimates.

Compared with previous actuals, the provision of Rs.9,000/- "for working the pumps of the unfiltered water supply" seems excessive. The Commission may be asked to justify the provision.

Page 32 of the estimates.

A sum of Rs.30,000/- has been provided for 'payment to the M & S.M..Railway for the pumping installation at the Ulsoor Tank'. This is a new item of expenditure and appears to be a capital payment.. The Commission may be asked to state the circumstances in which it has been found necessary to make such a provision.

Page 31 and 33 of the estimates.

In para 9 of our printed letter at S.N.1, the Water Supply deficit in 1936-37 was estimated at Rs.83,110/-; but it would appear from the account at page 33 that the actual deficit

110
62,444
25,666

2 S.N.1 (K)
2 S.N.5 (L)
deficit was only Rs.62,464/-. The deficit during 1937-38 is estimated at Rs.75,275/-, but if the capital payment of Rs.30,000/- proposed to be made to the M & S.M. Railway is excluded, the deficit will only be Rs.45,275/-.. This shows that the deficit is decreasing year after year. A sum of Rs.56,572/- is due from the military authorities (vide para 9 of the printed letter); but this has not been taken into account, presumably because it is not expected to be received during 1937-38.. (The Municipal Commission have asked us to obtain this amount for them as early as possible and the question will be dealt with separately)..

A letter has just been received from the Municipal Commission for the payment of a grant this year towards their Water Supply Account.. It will be examined and submitted separately..

Page 36 of the estimates.

Rs.25,000/- have been provided for Sewage Scheme.. The provision appears to be based on average annual expenditure. A cut of 10% may be suggested on this item also.. For construction of drains a sum of Rs.22,500/- has been provided including Rs.12,500/- for improvements to Kodi Channel.. The Commission may be asked whether the latter is an urgent need, and, if not, whether it cannot be cut out in view of their present financial position.

18
Page 40 of the estimates..

A sum of Rs.9,500 has been provided for acquiring land for the construction of a Dry Fish Market. With reference to para 7-I(3) of the printed letter at S.N.1, the Commission may be asked whether the scheme is ready in all respects. If not, the provision may be cut out..

Page 42 of the estimates..

In accordance with the instructions contained in para

(K)

para⁷-I(5) of the printed letter at S.N.1, the usual provision of Rs.18,000/- for "Reserve for other works" under Markets, etc., has been omitted in the budget for 1937-38.

20. Page 44 of the estimates.

(K)

Under 'Rents from Model Houses', the Commission: had provided for an expenditure of Rs.55,000/- during 1936-37. In para 7-I(4) of the printed letter at S.N.1, the Resident ordered that expenditure under this head during 1936-37 should be reduced by Rs.43,000/-, leaving a balance of Rs.12,000/- for collection and repairs. The Commission subsequently reported that owing to the fact that certain estimates had been sanctioned and the works put in hand before the receipt of orders, a reduction of only Rs.41,000/- (instead of Rs.43,000/-) could be effected. This was approved and the Commission was asked to revise the Rent Account accordingly. If the Commission had restricted their expenditure to Rs.14,000/- as directed by the Resident, the Rent Account balance on 1-4-37 would have been Rs.61,017/- as follows:-

Balance as per para 10 of the printed letter	Rs. 1,00,000-0-0
<u>Deduct:-</u>	

(1) Additional expenditure sanctioned for 1936-37 2,000-0-0

(2) Amount allowed to be utilised for meeting water supply deficit (to be restored) 33,162-0-0

(3) Amount subsequently sanctioned for acquiring land on Borebank Road for School playground. 3,821-0-0

	38,983-0-0
Balance.	61,017-0-0

According to the Municipal Commission, the balance on 1-4-37 is however only Rs.35,834/- vide page 54 of the budget estimates. Apparently, the difference of Rs.25,183/- represents the amount over spent by Commission in excess of the amount sanctioned by the Resident.. It will be seen from page 44 of the budget

budget that the Commission's expenditure was over Rs.43,000/- as against about Rs.18,000/- sanctioned by the Resident.. The Commission may be asked to justify the large expenditure and to furnish details. They may also be asked to forward a copy of their pro-forma rent account for 1936-37.

It may also be mentioned that when we allowed a sum of Rs.68,702/- to be transferred from the Rent Account to the Water Supply Account, it was expected that the deficit in the Water Supply Account during 1936-37 would be Rs.83,110/-; but according to the revised budget estimates for 1936-37, it is only Rs.62,464/-, i.e., Rs.20,646/- less than anticipated.. The Commission have therefore overdrawn Rs.20,646/- from the Rent Account.

With reference to para 13 of the printed letter at S.N.1 the Commission have reported that no retrenchment in their present expenditure is possible.

Before a draft to P.M.C.. on the above lines is prepared, the file may, if approved, be sent U/O to the Financial Adviser (who is also the Municipal Auditor) for favour of remarks which he may wish to offer on the Municipal Budget.

S.N. 1 2A
(K)

Paragraph 21. The letter of November the 16th took into account the receipt of Rs. 56,512/- from the military authorities. This amount was not however received and had to be made good from other heads.

25

It is difficult under the present system of municipal budgeting for this Office to criticise the Municipal budgets in detail. The Municipal Commission appear to have at the same time budgeted for a deficit on the current year's working and asked Government for a water grant. I suggest that

(1) The Commission should produce a balanced budget on the year's working.

(2) If there is any surplus, it should be added to the balance, until that reaches a fixed minimum figure: say 1 lakh.

(3) If the opening balance exceeds that amount, they should be permitted to budget for a deficit sufficient to reduce the balance to that minimum, provided that the expenditure in excess of receipts is not recurring.

(4) The Commission have certainly not taken into account Rs. 56,512/- that may be expected during the current year. This is correct. If it is received, it should be used either to build up the balance, or on a scheme of non-recurring expenditure sanctioned after its receipt.

F. A. may now see.

Finlayson
19/4/37.

To

The Financial Adviser to the Hon'ble the Resident.
U.O. 2652, dated the 19th April 1937.

MUNICIPAL BUDGETS.

1936-37 Budget.

(i) One outstanding feature of past Municipal Budgets has been the large variation between estimates and actuals. The budget for 1936-37 is no exception. According to President, Municipal Commission's letter No.1845/37, dated the 21st April 1937, the actual balance on 1st April 1937 was Rs.2,65,984/- (leaving out advances and Government grants) against the budget balance of Rs.89,867/-. From the particulars furnished, this balance should be Rs.2,85,728.

The difference of Rs.19,744/- representing 'reserves' included in water supply account and charged off as expenditure during the years 1934-35 and 1935-36, was written back during 1936-37 - vide paragraph 8 of Secretary to the Resident's letter No.F.579-36, dated the 16th November 1936. The account balance was agreed with the actual balance and in the revised estimate for 1936-37 the opening balance was shown as Rs.274178/- by the addition of Rs.19,744/- to the account balance of Rs.2,54,432/-. The total actuals of 1936-37 are not therefore affected.

The actual reduction in expenditure is therefore Rs.1,45,461/- and not Rs.1,25,717/-, and the increase in revenue Rs.50,400/-. The revised estimate balance was thus out by Rs.1,95,861/-.

(ii) A word of explanation seems necessary as to whether these variations in receipts and expenditure could not be foreseen even at the time the revised estimate was prepared.

It is not clear why a large sum of Rs.1,14,750/- remained unpaid to the Mysore Government ^{when} ~~where~~ provision was made in the budget.

(iii) One

S.N. 2
(P.V. C II)

S.N. 1 of column: (K)

S.N. 12
P.V. 4.
P.V. 2

1

(iii) One or two items of expenditure call for notice which seem to indicate that the Municipal Commission do not make a careful forecast of their expenditure:

(i) <u>Footpaths.</u>	Rs.
Budget provided ..	10,000/-
Resident cut it down to..	7,000/-
Municipal Commission wanted	9,000/-
Actual expenditure was	6,070/-
(ii) <u>Acquisition of land.</u>	
Budget provided for	10,000/-
Resident cut it down to	Nil
Municipal Commission wanted	6,000/-
Actual expenditure was	1,680/-
(iii) <u>Expenditure from Rents from model houses.</u>	
Budget provided	55,000/-
Resident reduced it to	12,000/-
Municipal Commission wanted	14,000/-
Actuals	37,461/-

The reason given for their demands was "that certain estimates had been sanctioned and the works put in hand before the receipt of Resident's letter under reply" - vide President Municipal Commission's No.1165/36, dated the 2nd December 1936.

Item (iii) calls for special explanation from the Municipal Commission in view of the direction of the Resident in paragraph 7-I(4) of letter No.579-36/R.O.II, dated the 16th November 1936 and paragraph 3 of Secretary's letter No.F.579-36/R.O.II, dated the 27th January 1937.

(iv) The water supply deficit for 1936-37 was expected to be Rs.83,110/- (Rs. 62,464). But the actuals show it to be only Rs.38,151/-.

2) 1937-38 Budget.

(i) The budget for 1937-38 provides for	
Receipts ..	Rs. 10,65,162
Expenditure ..	Rs. 11,70,175/-
	Rs. 12,20,482/-
	Rs. 11,24,658
Deficit.	Rs. 59,307/- 54,536

With an opening balance of Rs.2,85,728/-, the Municipal Commission would be left with

S.N. 3
of (K)

S.N. 1 and 4 of (K)

* Page 33 of Budget
para 36 infra

* Excluding Govt
grants & advances
under Water & (L)

226192

Rs. ~~2,26,421~~/- at the end of the year. When the arrear Mysore Water bill for Rs. 1,14,750/- is met it will be reduced to Rs. ^{111 442}~~2,11,671~~/- . The Rent account balance when the amounts appropriated to the water supply deficit are restored to it would stand at Rs. 1,40,338/- showing that the Municipal Commission would still have to make good Rs. ^{28,896}~~28,667~~/- to the rent account.

(ii) In view of past experience, however, it will not be unreasonable to anticipate that the actual position would be different. The only way to ensure that the Municipal Commission pay more attention to the preparation of their budgets would seem to be to insist on their producing a balanced budget and keep their surpluses in a separate account.

(iii) It seems that the budget deficit can be reduced by Rs. 30,000/- as follows:

Water tax	Rs. 1,000/-	Based on 1936-37 actuals.
Excess water	" 2,000/-	Based on 1936-37 actuals.
Water supply to Military	" 3,000/-	Based on 3 years average.
Meter rents	" 1,500/-	Based on 1936-37 actuals.
Property tax	" 2,000/-	Based on 1936-37 actuals.
Duty on transfer of property	5,000/-	Based on 3 years average.
	<u>14,500/-</u>	

Deduct from Expenditure.

Water supply distribution	Rs. 1,000/-	Based on the actuals of 1936-37
Unfiltered water supply	4,000/-	-do- -do- & last 3 years average.
Dry fish market	9,500/-	Provision to be made when funds are available for the construction of the market and when the scheme is ready in all respects.

Improvements to Kodi Channel 12,500/-

This work was shown in the budget for 1936-37 and omitted from the revised. It was first thought of in September 1935. Is not apparently very urgent and seems may well wait.

Grant for a free reading room	Rs. 600/-
Cox Town Athletic Association	" 200/-
AnnavaSanthi Sangam	" 200/-
	28 000
Total addition to balance	Rs. 42,500/-
Purchase of water pump	" 30,000/-
	72,500/-

(This appears to be a permanent asset acquired by ~~him~~ the Municipal Commission and may be met from balance ~~to be met out of the balance~~ and not current revenues.

The deficit in budget on the years working may be thus converted into a small surplus of Rs. 12,964/-.

(iv) The balance would then stand at

Rs. 2,85,728
12,193
12,964
2,98,921
672

Out of this, the following sums must be deducted:

	Rs.
Capital expenditure	30,000
Unpaid water bill of Mysore	1,14,750
	1,44,750
Balance to be taken to surplus account.	1,53,442
	1,54,271
Amount due from the Military.	56,572
	2,10,843
	210 574

which would be made up of

Rent account	1,40,338
Municipal Account	70,505
	70 176
	67
Rent account	1,04,798
Municipal account	1,06,045

if Rs. 35,540/- is treated as a permanent diversion from the rent account.

Net Municipal balance would be	1,06,045	70 176	68 157
Government Grant	7,300		
Advances	(-) 19,319		
	94,026		

This position may be better still if the are Municipal Commission ~~were~~ able to cut down a part of their expenditure on maintenance of roads (Rs. 50,000/-) and on certain heads establishments (vide paragraph 13 of Review) and review their lighting account. In paragraph 12 of Secretary's letter

letter of 16th November 1936, the Municipal Commission were asked to keep pro-forma account of the 1% tax on transfer of property and the 1% lighting tax. The expenditure on lighting continues to rise: for 1937-38, it is put at Rs.66,500/-.

3. Water Supply Account.

(i) The account shows that the deficit is rapidly diminishing ~~and that at the end of 1937-38 there may be no deficit at all:~~

	Receipts. Rs.	Expenditure. Rs.	Deficit. Rs.	
<u>1933-34.</u>				
Budget	2,56,530	5,07,615	2,51,085	Grant paid 2½ lakhs of which 1 lakh was for purchase of meters.
Actuals	2,17,867	5,05,669	2,87,802	
<u>1934-35</u>				
Budget	2,87,370	4,44,225	1,56,855	Government Grant Rs.88,943/-
Actuals	3,42,656	4,31,599	88,943	
<u>1935-36.</u>				
Budget	3,24,620	4,26,140	1,01,520	
Actuals	3,47,224	4,14,555	67,331	
<u>1936-37.</u>				
Budget	3,53,970	4,37,060	83,090	
Actuals	3,80,969	4,19,120	<u>38,151</u>	
<u>1937-38.</u>				
Budget	3,72,675	4,17,950	45,275	
Probable actuals.	3,80,175	4,12,950	32,775	

Payment of grant may be considered when actual deficit is known, if it is understood that M.C. cannot find it from their own funds.

10-11-36
10-11-36 (2)

4. There should be sufficient money in the rent account for an expenditure of Rs.23,000/- (the first of the two schemes) which is much less than the year's rents.

^{Budget}
5. Procedure.

(i). (a) Budget Rules (appendix 51 to Bye laws of the Municipal Commission) require that subsidiary estimates showing proposed expenditure on new works or projects already sanctioned and those proposed should accompany the budget (Rule 1-ii A & B)

(b) They also require that no items shall be included in budget except those for which specific sanction or authority exists on the date of their preparation. If there are any items of expenditure which though not sanctioned have already been proposed, or which are ~~xx~~ likely to be sanctioned and for which provision is considered necessary, these should be included in a separate statement in Form B appended outside the proposed budget estimates. (Rule 3).

(c) For additional allotments, sanction should be obtained before expenditure is actually incurred and the application should be accompanied by a statement in Form C showing how it is proposed to meet the expenditure (Rule 9(1))

These rules ought to be observed. Some examples of their breach are given below:

(ii) Rule 1 - (ii) A & B.

(1) Page 32 of Budget Rs.30,000/- for payment to Madras and Southern Mahratta Railway for pumping installation at Ulsoor tank.

The explanation in the budget note is meagre. It is difficult to see why any payment should be made to the Railway at all. A fuller explanation

of

not put up

of the particulars and necessity for the provision might have been given.

(2) Page 32 of Budget Rs.15,000/- for purchase of meters.

The variation between 1936-37 and 1937-38 should have been explained. Are Rs.15,000/- required for additional meters or for replacements as well? Meter rent remains at the same figure of Rs.13,000/-, although the expenditure is higher, meters. Should there not be a rise in meter rent?

(3) Page 36 of Budget Rs.12,500/- for improvements to Kodi channel. There is no explanation. The budget for 1936-37 provided for this (Rs.12,500/-). It was omitted in the revised estimate for 1936-37 and is now included in the budget for 1937-38. Why was it omitted before and why is it included now? Can't the work be postponed until finances improve?

(4) Page 40. Acquisition of building for Dry Fish Market Rs.9,500/-. This market has appeared and disappeared from several budgets. In Secretary's letter of November 16th, 1936, the Municipal Commission were told that until the scheme is ready in all respects no funds should be provided. Are the plans and estimates for the market ready?

(5) The requisition for expenditure on model houses should, according to budget rules, have ~~found~~^{found} an enclosure to the budget.

Rule 3.

The following resolutions were passed by the Municipal Commission on 25th February 1937.

No.6. That the motor car allowance of the Secretary to the Municipal Commission be raised from Rs.50/- to Rs.75/- per mensem so as to bring it on a level with that of the Health Officer and Executive Engineer.

No.19. That a contribution of Rs.200/- be given to the Cox Town Athletic Association for the year 1937-38 in aid of the Reading Room conducted by it.

No.38. That Sreemathi Annavasanthi Sangam be given a grant of Rs.200/- during the year 1937-38 in aid of its library and Reading Room.

On 28th January 1937.

No.9. That one free Reading Room at a cost not exceeding Rs.600/- be opened in 1937-38.

No.13. That a grant of Rs.100/- be given to the Girl Guides Association, Bangalore, during 1937-38.

These resolutions were all of them passed before the preparation of the Budget for 1937-38 and the expenditure referred to in them required the sanction of the Resident.

Under the Budget Rules, all these items should have been shown in a separate statement, but no statement has been appended and except the first item, all have been included in the budget.

(iv) Rule 9.

For expenditure on model houses, special sanction should have been obtained before expenditure in addition to Rs.14,000/- was incurred. Such sanction was obtained only for an additional expenditure of Rs.3,821/-.

5. The form of the budget is that prescribed by the Madras Government for use in municipalities.

It shows expenditure and appropriation of funds to meet that expenditure, opening and closing balances.

It is however necessary for the Municipal Commission to keep a separate account to show their surplus, and not draw upon ^{it} except with the specific sanction of the Resident. This surplus account

may

may be prepared every year at end of April when the actuals of the previous years are known.

* This is with
reference to the
meeting in
File. 473-37 (S)

When the Government of India sanctioned the capital grant for construction of model houses the scheme of the Municipal Commission was before them in which it was definitely stated that the rents from those houses would not form part of their general funds but would be set apart for specific purposes. I have therefore understood that such specific use of these rents was one of the conditions of the sanction, although not expressly so stated in the sanction. In this view, the rents are not Municipal funds, but are funds placed in the hands of the Municipal Commission and controlled by Government through the pro-forma account.

If for any reason the fund had to be diverted to other purposes, it could be done only by Government who made the grant and enabled the fund to be built up. Such diversion, if permanent, would be, for all practical purposes, ^{as} given by Government.

2. If the ^{diversion} ~~decision~~ is questioned, the only effect would be that the Municipal Commission should put it back into the fund from ^{their} ~~the~~ general revenues. ~~in Rs.~~ ^{instead of only Rs.}

I think there is a good deal of force in paragraph 19 of the office ~~xxxxxx~~ notes. The Municipal Commission did not find use for the money for several years with the result that a large balance had accumulated ^{which was} ~~and~~ used for other than legitimate purposes. It should be open to Government to divert - even to withdraw - the unnecessary surplus.

3. The ^x attached will show that Rs 6805 has been really diverted towards payment of water deficit.

Draft to the P.M.C. submitted.

KIL
8.5.37
T.N.T.
9-5-37.

A revised draft on the lines of the instructions given by the Secretary is submitted for approval.

KIL
18.5.37
T.N.T.
18-5-37.

The draft as revised in accordance with the suggestions made by the Financial Adviser and the President, Municipal Commission, is submitted for approval.

KIL
4-6-37
T.N.T.
4-6-37

I am much obliged to F.A. and Office for the work which they have put in on this. I am afraid that it has taken a long time to examine; but it could not be helped, as the whole financial position of the Commission in relation to Government has had to be under review. I am sure that the proposals now made to keep the surplus and rent accounts entirely separate in the budget will make a great difference, and will enable us to see at a glance whether the Commission are balancing their budgets or not.

Our main interest is to see

- (1) That their budget is not prepared with a view to obtaining Government grants.
- (2) That those grants, all of which are earmarked for definite purposes, are spent on those purposes.

(3) That the rent account is only used for the purposes for which it is intended.

(4) That the Commission do not become insolvent

Amendments to the budget rules will be issued later.

22
We will leave the question of the water supply deficit grant as in the draft for the present. I propose to examine further whether we should meet the deficit this year, and any payments still to be made (the figures of which may modify further the budgetary position in an adverse manner) in respect of past commitments in the light of three references recently received.

(1) Government of India's request to us to surrender the Rs.50,000/- set aside in M.A.T. Budget for meeting current water supply deficit, in view of the budgetary position expressed in our letter of November 16, 1936.

(2) Resolution regarding water supply deficit in the Commission, with which P.M.C. at the meeting expressed considerable sympathy, and in the course of which the Commissioners accused Government of breach of faith, and threatened to tax Government buildings ~~insurance~~. (P.M.C's sympathy with the resolution did not of course extend to the discussion).

(3) The dispute about payments still due (or not due) for the Stand-bye System and the date of the discontinuance of those payments.

P.M.C. has seen the draft informally. It is, I think self explanatory, and I will explain in person anything which Resident wishes to know.

<u>VI.Advances.</u>		
	20,000	20,000
Total excluding opening balance	12,03,665 ✓	13,12,182
Total including -do-	13,48,595 ✓	13,12,182
Closing balance including Govt Grants & Advances		36,413
Closing balance excluding -do-		48,432

The explanations furnished in the P.M.C's letter

letter are examined seriatim below:-

Para 1.

The Surplus of Rs.42,428/- in the Budget for 1936-37 is arrived at as follows:-

Closing balance on 1-4-37 according to the revised estimate furnished on 21-4-37	Rs. 2,65,984
Less Rent Account	1,08,806
	1,57,178
Less arrears payable to the Government of Mysore for water supply.	1,14,750
	42,428 ✓

The opening balance for 1937-38 has been correctly shown as 1,57,178 which represents Rs.1,14,750 payable to the Government of Mysore and Rs.42,428/- the surplus in the Revenue account for 1936-37. The surplus account prepared is in order and it shows a closing balance of Rs.48,432/- which tallies with the figure in the main budget.

Para 2.

It is a general principle of accounting that all payments connected with transactions of any particular financial year should be made before the close of that year. Presumably the Municipal Commission will not repeat the irregularity in future. No further action is called for.

Para 2(2) and (3).

This is the result of wrong budgetting. Only such of the works as are of real urgency should be included in the budget. The practice of including provision for a number of works and of eliminating some of them in the middle of the year, as they are of lesser urgency, is irregular. In view of the recent orders the Commission are sure to be more careful in

in preparing their budget. No action is now necessary
Para 2(4).

53
The fact remains that the Commission were permitted
an expenditure of only Rs.14,000/- under the Rent -
Account vide para 3 of S.N.15/F.579-36. Their final
expenditure is Rs.37,461/- i.e. an excess of Rs.23,461/-.
A sum of Rs.3,821/- was subsequently sanctioned by the
Resident in March 1937. This brings down the unautho-
rised expenditure to Rs.19,640/-. It is explained that
the excess is due to the difference on account of the
erroneous inclusion of Rs.55,000/- instead of Rs.66,000/-
in the pro-forma account and also due to the expenditure
of Rs.11,000/- sanctioned by the Commission in June 1936.
It does not seem necessary to pursue the matter as what
has been done cannot be undone now.

Para 2(5).

It does not seem necessary to make any change in
the budget form but the budget rules may require to be
amended slightly. This will be examined separately.

Para 2(6) to (11).

No remarks are called for.

Para 3.

The receipt of the proposals for the acquisition
of houses in Pension Lines etc may be awaited.

Para 4.

62
The question of giving a grant for meeting the
stand-bye charges for 1935-36 is under separate con-
sideration. It does not seem necessary to promise any
grant at this stage. The receipts under water supply
are fast increasing and there is every likelihood of
the water supply becoming self supporting ere long.

The budget as revised may now be sanctioned. But
there is one point on which stress should be laid in
the interests of the Commission. The Commission's
expenditure (excluding the special expenditure of
Rs.1,14,750/- payable to Mysore and the capital expen-
diture of Rs.30,000/- for water pumps) is Rs.11,67,432/-

S.N.2
ep 2
F 1440-37

Both to be examined
separately, early.

This may be taken to be their normal expenditure. Their normal receipt (excluding the opening balance of Rs.1,57,178/- of which only Rs.42,428/- is theirs- and the capital receipts of Rs.56,572/- from the Military) is only Rs.11,47,093/-. Therefore their normal expenditure over normal receipts land them in a deficit of Rs.20,339. With all the economy that has been forced out of them and with the additional receipt of Rs.56,572/- and an opening balance of Rs.42,428., ~~they have~~ they have been able to show a surplus at the end of the year of only Rs.48,432/-. With this surplus to start with in 1938-39 their budget position during the next year will be as follows:--

<u>Budget proper.</u>	
	Rs.
Normal Receipt	11,47,093 ✓
Normal expenditure	11,67,432 ✓
Deficit.	<u>20,339</u>
<u>Surplus Account.</u>	
Amount at credit.	48,432
For meeting the deficit under the ordinary account.	<u>20,339</u>
Net surplus at the end of 1938-39	<u>28,093</u>

If we proceed on this basis it is conceivable that the surplus available at the end of 1939-40. will not be sufficient to meet the normal deficit of 1940-41.. The Commission have been told that the transfer from the surplus account to meet the current deficit is most undesirable and that such a deficit budget cannot be accepted next year. They have also been informed to aim at a balance of Rs.1,00,000/- and that in any case their surplus should not be reduced to a dangerously small figure. They were asked to consider and report on the possibility of savings in the provision of Rs.50,000/- included under - Roads. They say that they are usual provision made year after year and that they ^{are} absolutely necessary.

necessary. This reason applies to every other items of expenditure. Unless they take steps to reduce expenditure in all directions their budget will surely fail to balance in course of time. As regards reduction of salary the policy can only be made applicable to future entrants and the economy that will result thereby cannot be realised for many years to come. But they should see that the existing rates of pay and allowances of the Municipal servants are not enhanced except for very special reasons. It is seen from the proceedings of the recent meeting of the Commission that they have passed a resolution sanctioning a personal pay of Rs.15/- each per mensem to two members of their office staff. This involves them in an additional recurring expenditure of Rs.360/- per annum. The proposal to increase the conveyance allowance of the Secretary by Rs.25/- was once turned down; but it has been submitted again for reconsideration.

If the Municipal Commission cannot find ways and means for reducing their present level of expenditure, it is imperative that they should take up seriously the problem of raising fresh revenue in order to maintain their financial stability.

67

It is true that the Commission have been counting upon a government grant to balance their water supply account. Last year the full deficit in this account was met from their general revenues. The water supply deficit estimated during the current year amounts to Rs.34,575/- excluding Rs.30,000/- paid for water pump or Rs.64,575/- including the cost of the pump. There is a provision of Rs.50,000/- in the current year's Bangalore budget for water grant to the Commission. The Political Department is being requested to admit

an

* Enclosure (4) to
P u C

an expenditure of Rs.16,616/- out of this to meet the Stand-by charges. The balance in the provision is therefore Rs.33,384/-. This will nearly be sufficient to meet the anticipated deficit excluding the cost of water pump. If the Commission are given a grant of Rs.33,384/- their surplus at the end of 1937-38 will be increased to Rs.81,816/-. When making the grant the Commission may be warned that Government will not undertake to meet their water supply deficit any longer and that they should take such steps as are necessary to meet the deficit themselves in future.

For orders.

para 68.

(73)

Please see paragraph 68 ante.

Para 68(1).

The letter to the Government of India regarding grant-in-aid to the Municipal Commission has issued.

Para 68(2).

Financial Adviser has in para 38^{ante} examined the present rules and gave examples of the breach of the rules^{in para. 39} and we pointed out them to the President, Municipal Commission in our reply. The form of the Budget is that prescribed by the Madras Government for use in Municipalities and the same is suitable. It shows expenditure and appropriation of funds to meet that expenditure and opening and closing balances.

The following decision was arrived at in the discussion:

- 1) The Municipal Commission should keep a separate account to show their surplus; and they should not draw upon the surplus except with the sanction of the Resident. Expenditure from surplus account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year. Transfer of funds from surplus account to meet the current deficit is most undesirable and should be exceptional.
- 2) The rent fund account should be funded and kept separately from Municipal accounts. Expenditure from the Rent account should be confined to the objects for which it is intended and it should be incurred only with the specific sanction of the Resident.

The Municipal Budget rules do not at present provide for the above; they may be amended in order to incorporate the decision in these rules. The following amendments will

of Municipal
Bye Laws put up

(74)

will meet the case:-

After rule 1 the following rule may be inserted :-

- 1.A(1) The Municipal Commission should keep a separate account to show their surplus and should not budget for expenditure therefrom without the sanction of the Resident. Expenditure from surplus account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year. Transfer of funds from surplus account to meet the current deficit is undesirable and should be exceptional. The budget should be accompanied with a surplus account and ^{also}proposals for expenditure therefrom after reserving for a working balance.
- (2) The Rent Funds account should be kept separate from the Municipal account and expenditure therefrom should be confined to the objects for which it is intended. No expenditure should be incurred from this account without the Resident's sanction. The budget should be accompanied by a separate rent account budget showing balances, receipts and expenditure budgetted therefrom and authority for expenditure.

Draft submitted.

Para 68(3)

Under Rule 1 of the Municipal Budget rules their budget has now to be prepared before the end of January. Under rule 5 et seq the Commission shall consider the budget at a special meeting to be called for in February and under rule 6 the budget as passed by the Commission shall be submitted to the Resident not later than the 10th March.

The proposed budget for a particular year should include the revised estimates of the previous year. In 1930 it was suggested that the revised estimate should be submitted to

SN 22
F.337-12
and paras 2 & 3
of notes in the
same file.

(U)

(76)

Para 5 - f
mslms m file

to the Resident by the 15th January; but the President, Municipal Commission stated that it was not possible to do so as the figures would not be ready by the 15th December and the several departments might not be able to foresee the revised figures before the beginning of January. It was then decided to include the revised estimates in the budget for the ensuing year. It seems that it may not be possible for the President to submit the budget to this Residency before the 10th March. If approved the present date may be continued. Every effort will be made to examine the budget immediately on receipt in this office in order to make it possible to pass final orders by 1st April. The President, Municipal Commission will be reminded on the 1st March for the submission of the budget precisely by the 10th March.

The following amendments to the Budget Rules appear to be necessary in order to give effect to the directions issued to the Municipal Commission in Resident's letter No.F.569-37/R.O.II, dated the 12th June 1937:

Draft Amendments.

1. Insert the words "and a summary" after the word "budget" in line 2, and "excluding receipts from model settlements" within brackets, after the word "receipts" in line 3, of Rule 1.

2. Insert the following under Rule 1.

"(i) Statement showing the opening balance of the Surplus Account, the expenditure under the various budget heads [proposed] to be met therefrom and the closing balance", and re-number (i) to (v) as (ii) to (vi).

3. Insert the following as the second sentence of Rule 2:
"It shall be ^abalanced budget on the year's working, and any actual surplus left at the end of the year shall be carried to the credit of a "Surplus Account".

4. Introduce the following as Rule 3A:

"Expenditure from the Surplus Account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year and shall not be incurred without the special sanction of the Resident. The budget for the year shall clearly indicate ~~xxx~~ the expenditure that is [proposed] to be met from the Surplus Account."

5. Introduce the following as Rule 3B:

"A separate budget shall be prepared of the receipts from rents of model settlements and expenditure to be incurred therefrom. Expenditure shall be confined to the objects for which the fund has been created and shall not be incurred without the special sanction of the Resident. It shall ^{show} be accompanied by a Rent Account showing the opening balance, the probable receipts and expenditure of the year, and the closing balance."

after "financial year"
insert (excluding
receipts & expenditure
under the "set from
settlement" account.)

P

HT

6. In Rule 7, first sentence, omit the words: "and additional allotments" and "allotment or" occurring in the first sentence, ~~and~~ insert a full stop after "Rs.2000/-", and delete the rest of the sentence.

In the second sentence of the same Rule, introduce a comma after the word "allotments".

7. Insert the following as the second sentence of Rule 10:

"A summary of the revised estimate shall be attached to the budget."

8. Substitute the following for the existing form A:
(see sample form attached)

A copy of the Rules after carrying out the proposed amendments is attached. The dates of the preparation of the budget, its consideration by the Municipal Commission, and its submission to the Resident may be settled in consultation with the President, Municipal Commission who may also be asked to see to the proposed amendments before they are notified.

Note on the Budget Estimate for 1937-38 and the Revised Estimate for 1936-37.

The general position is summarised below:—

BUDGET ESTIMATES 1937-38.

Heads.	Opening Balance.	Receipts.	Expenditure.	Closing Balance.
	Rs.	Rs.	Rs.	Rs.
I. A. Management	...	300	Ordinary 73,556	...
			Capital 200	...
B. Communications	1,39,330		Ordinary 1,69,413	...
			Capital 1,119	...
C. Education	50		Ordinary 63,215	...
			Capital 6,150	...
D. Public Health				
(1) General	12,630		Ordinary 1,96,652	...
			Capital 13,240	...
(2) Water Supply	3,72,675		Ordinary 3,96,950	...
			Capital 51,000	...
(3) Drainage....	2,000		Ordinary 3,350	...
			Capital 48,000	...
II. REMUNERATIVE ENTERPRISES ACCOUNT....	1,44,913		Ordinary 35,319	...
			Capital 9,500	...
III. REVENUE ACCOUNT....	3,59,870		Ordinary 23,440	...
	89,867	10,31,768	10,91,104	30,531
IV. ENDOWMENTS AND CONTRIBUTIONS		33,394	33,394	
V. GOVERNMENT GRANTS 7,071		85,013	84,784	7,300

The low balance of Rs. 30,531 is due to the fact that the deficit of Rs. 75,275 under Water Supply Account has been met from the general funds. If the Water Supply figures under both receipts and expenditure are excluded our closing balance will be Rs. 1,05,806 as shown below:—

Total Receipts	Rs. 10,31,768	Total Expenditure	Rs. 10,91,304
Deduct Water Supply	„ 3,72,675	Deduct Water Supply	„ 4,47,950
Balance	Rs. 6,59,093	Balance	Rs. 6,43,354

Opening balance	Rs. 89,867
Receipts	„ 6,59,093
Total	Rs. 7,48,960
Expenditure	„ 6,43,154
Closing Balance	Rs. 1,05,806

2. The following is a detailed review of the noticeable variations under the several heads.

The small increases under "Salaries and Allowances" are due to increments.

*I A Management—Ordinary—Page 6—2. Contingencies, etc.—*The large provision under "Postage" in the Revised Budget is due to the general elections during the current year.

The increased provision under "Stationery" is due to the rise in prices of Stationery articles.

The provisions under "Pensions and Annuities" is due to additional pensions payable during the next year, which includes the pension payable to the Executive Engineer—Mr. W. H. Murphy, who retires from service early in the next year.

The provision of Rs. 4,800 for "Audit Fees" in the Revised Budget is due to the fact that the amount is for two years viz. 1934—35 and 1935—36.

*I. B. Communications—Ordinary—Page 8.—*The decreases under "Salaries and Allowances" are due to the retirement of the present Executive Engineer and the appointment of a substitute on a lower scale of pay and the reorganisation of the Civil Works Establishment, with a view to keep the expenditure within the minimum guaranteed amount of Rs. 4,000 as supervision charges, in accordance with para 7—II (2) of S. R's. letter No. F. 579-36/R. O. II, dated the 16th November 1936.

*I. B. Communications—Ordinary—Suburban roads.—*The provision of Rs. 4,000 in the Budget for 1937—38 against Rs. 8,000 in the Revised Budget Estimates of the current year is due to the curtailment of the grant in accordance with S. R's. letter No. 578-36/R. O. II, dated the 16th November 1936.

*I. B. Communications—Ordinary—Page 12. 5. Lighting—1. Royalty.—*The increased provision for the next year is for putting up additional lights.

*I. C. Education—Ordinary—Page 16—Salaries and allowances.—Masters and Superintendent.—*The increase in the Budget for 1937—38 is due to increments and the appointment of additional teachers for some schools, sanctioned by the Municipal Commission from time to time.

*I. D. Public Health—Ordinary—Page 18—(1) Hospitals and Dispensaries.—*A lump provision of Rs. 5,000 made in the Budget for 1936—37 for opening an Anti-Tuberculosis Dispensary, has been transferred to 1937—38. The provision includes the cost of staff, medicines etc.

*I. D. Public Health—Ordinary—Page 24 and 25.—*The provisions against "2. Private Scavenging—Removal of night-soil sewage and urine" on the expenditure side and "(1) Public Conservancy—(a) Sale of rubbish etc." on the receipt side, are based on the sale amounts at the recent auctions.

I. D. Public Health—Ordinary—Page 30—(ii) Water Supply Account.—The figure of Rs. 87,019 in the Revised Budget, represents the payment of arrears of last year to the Mysore Government, which has been met partly from the Municipal funds and partly from the “Rents from Settlements Account” in accordance with the orders contained in S. R’s. letter No. F. 579-36/R.O.II dated the 16th November 1936.

$\frac{17}{2.87.1}$
R

The deficit during the current year is expected to be Rs. 62,464 which has to be met in the same way.

The deficit for the ensuing year will be Rs. 75,275 and as the account has been balanced by appropriating the necessary funds from the Municipal funds, we have no funds left to provide for other important schemes. If we provide for meeting a portion of this deficit from the rent account, the amount thus released may be utilized for providing for any urgent schemes.

I. D. Public Health—Ordinary—Page 32—Capital.—A sum of Rs. 30,000 has been provided for payment to the Madras and Southern Mahratta Railway Company, as compensation for the pumping installation at the Ulsoor Tank.

II. Remunerative Enterprises Account—Page 39—2. Slaughter Houses—(1) Slaughter House Fees.—The figure Rs. 42,775 provided for 1937—38 is the actual tendered amount against Rs. 42,250 for the current year.

II. Remunerative Enterprises Account—Page 39—2. Slaughter Houses—(2) Sale of Blood.—Here again there is an increase in the sale amount by Rs. 500.

II. Remunerative Enterprises Account—Page 40—Capital Markets—Land and Buildings.—A sum of Rs. 9,500 is provided for 1937—38 for the acquisition of land required for the Dry Fish Market. Provision will be made for the construction of the Market when funds are available.

II. Remunerative Enterprises Account—Page 41—Cart Stand fees.—There is a decrease in the sale amount by Rs. 400.

Reference:-Your telephone message of the 16th instant re. the balances in the Budget Estimate of the Municipal Commission for 1937 - 38.

I have the honour to furnish the figures below:-

	Opening balance shown in the <u>Budget for 1937-38.</u>	Actual balance on 1-4-1937, subject <u>to adjustment.</u>
Municipal Fund.	Rs. 89,867/-.	Rs. 2,65,984/-.
Government Grant.	" 3,071/-.	" 13,903/-.
Advances Account.	" - 19,319/-.	" - 22,104/-.

2. The actuals as on the 1st March 1937 are only the preliminary figures, subject to adjustment after the book adjustments in respect of Stock and Advances from the Engineering Department and Deposits from Renters have been made.

3. The large balance under "Municipal Fund" is due to excess receipts to the tune of Rs.50,400/- on the receipt side and to the non-payment of Rs.1,14,750/- due to the Mysore Government on account of water supplied during the period from November 1936 to February 1937 and small savings under other items, which was not paid before the close of the year. A statement, showing the excess receipts and the savings on the expenditure side, is enclosed for reference.

I have the honour to be,
 Sir,
 Your most obedient servant,

For PRESIDENT, M. C.

DIW.

From

Secretary to the Resident.

To

The President, Municipal Commissioner
Civil and Military Station,
Bangalore.

Subject:- Budget Estimates of the
Municipal Commission.

Sir,

I am directed to refer to your
letters No. 1153/37, dated the 10th
March 1937 and No. 1845/37, dated the
21st April 1937. The Hon'ble the
Resident desires to make the following
remarks.

2. Budget for 1936-37.

(1) it is observed that there is still
a large variation between estimates
and actuals. The budget balance for
the year was originally estimated to
be Rs. 89,867/-; but the actual balance
on 1st April 1937 according to your

letter

2/11/36 (K)

X 2/11/36 (K)

S.N. 14 (K)

Residency letter of November 16th this amount was cut down to Rs.12,000/-. In your letter No.1165/36, dated the 2nd December 1936, you anticipated that the expenditure would be Rs.14,000/- owing to certain works having been put in hand before the receipt of the letter of November 16th. The actual expenditure was Rs.37,461/-. You are requested to explain these figures.

4. Budget for 1937-38.

(1) Excluding Government grants and advances and the amount of the water bill (Rs.1,14,750/-) payable to the Government of Mysore during 1936-37, the budget position of the Municipal Commission at the end of 1937-38 as proposed by them may be analysed as follows:-

<u>Credits.</u>		<u>Debits.</u>		<u>Balance</u>
	Rs.		Rs.	Excess + Deficit - Rs.
<u>Current year's Account</u>				
Municipal receipts.	10,27,380	Expenditure of the year.	11,18,448	(-)91,068
Account Receipts.	37,782	-do-	6,250	(+)31,532
<u>plus and Rent Account.</u>				
Opening Balance Municipal Commission proper (Rs.1,51,234)				
less Rent balance (Rs.1,08,806)	42,428	-do-	Nil.	(+)42,428
Rent Account	1,08,806	-do-	Nil.	(+)1,08,806

(2) The Hon'ble the Resident desires the Commission to produce a balanced budget on the year's working; He wishes that the Surplus account and rent account should be kept separately and that no expenditure should be incurred from the rent account without his sanction. Expenditure from the Rent Account should of course be confined to the objects previously determined. Expenditure from the Surplus Account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year.

(3) To help the Commission to produce a balanced budget this year he directs that the following modifications shall

be made:-

<u>Heads of Accounts.</u>	<u>Actuals of 1936-37 or average of 3 years.</u>	<u>Budget 1937-38</u>	<u>Difference</u>	<u>Proposed addition</u>
<u>I. Addition to Revenue.</u>				
(1) Water Tax.	1,78,062 ✓	1,77,000	+ 1,062 ✓	1,000 ✓
(2) Excess water	67,956 ✓	65,000 ✓	+ 2,956 ✓	2,000 ✓
(3) Water supply to military	49,314 ✓	46,000 ✓	+ 3,314 ✓	3,000 ✓
(3 years average)	14,731 ✓	13,000 ✓	1,731 ✓	1,700 ✓
(4) Meter rents.	2,34,738 ✓	2,33,000 ✓	+ 1,738 ✓	2,000 ✓
(5) Property tax.	15,239 ✓	10,000 ✓	5,239 ✓	5,000 ✓
(6) Duty on transfer of property	(3 years average)			14,700 ✓
				<u>Proposed reduction</u>
<u>II. Reduction in expenditure</u>				
<u>Ordinary expenditure.</u>				
(1) Water supply distribution	7,900	9,000	- 1,100	1,000 ✓
(2) Unfiltered water supply	5,107	9,000 ✓	- 3,893	2,000 ✓
(3 years average)				3,000 ✓
				<u>Fresh items.</u>

Page 71

Fresh items.

Dry Fish Market.

9,500 ✓

Note.

Provision for the market was included in the budget for some years in the past, but it was allowed to lapse. In the Residency letter of the 16th November 1936 it was stated that until the scheme was ready in all respects no funds should be provided. It has not been explained whether the plans and estimates are ready. The scheme may be deferred until finances permit.

S.N. 4(1)

(4) Improvements to Kodi Channel.

12,500 ✓

Note.

The provision in the budget for 1936-37 was not used. This has not been explained. It has not been explained whether plans and estimates are now ready. The scheme may be deferred until finances permit.

(5). Grant for a free reading room.

600 ✓

Note.

This expenditure required the previous sanction of the Hon'ble the Resident and should have been shown in a separate statement appended to the budget in accordance with rule 3 of the Budget Rules. This may be omitted as finances do not allow of it.

S.N. 174 (A)

Note

(6) Grant to Sreemathi Annavasanthi Sangam vide also P.M/C's letter No. 5313/36, dated the 5th March 1937.

200 ✓

S.N.
2 p 1
F.L. 2 + 3

This expenditure required the previous sanction of the Hon'ble the Resident and should have been shown in a separate statement appended to the budget in accordance with rule 3 of the Budget Rules. It may be omitted for the same reason.

(7) Purchase of water pump.

30,000 ✓

Note.

The explanation in the budget note is not sufficiently clear. The reason for the payment is not explained. This expenditure if essential should be charged against the Surplus account and you are requested to make the required application giving full particulars.

Total

Total modification proposed. 70,500 ✓

(4) With these savings, the balance in the Municipal Budget at the end of the year 1937-38 should stand approximately as follows:-

	<u>Current year's</u> <u>Account.</u>	<u>Surplus account.</u>
Balance shown in para 4(1)	(-) 91,068 ✓	(+) 42,428 ✓
Modifications suggested in para 4(3)	(+) 70,500 ✓	(-) 30,000
	(-) 20,568 ✓	(+) 12,428 ✓
* If received in 1937-38	Amount due from military	(+) 56,572*
Add amount transferred from the Surplus Account to current year's Account to balance the budget.		(+) 69,000 ✓
	(+) 20,568 ✓	(-) 20,568 ✓
	Municipal balance excluding Govt. grant and advances.	(+) 48,432 ✓
	Govt. grant balance	(+) 7,300
	Total.	(+) 55,732 ✓
	Advances.	(-) 19,319
	Net balance.	(+) 36,413 ✓

The transfer from the Surplus account to meet the current deficit is most undesirable and in any case, such a deficit budget cannot be accepted next year. It should be understood that A balance of Rs.1,00,000/- should be aimed at in future and in any case the Surplus should not be reduced to a dangerously small figure.

(5). You are requested to examine and

and report on the possibility of savings in the provision of Rs.50,000/- and Rs.15,000/- included in the Budget under "(3) Other Roads. Cantonment Roads".

(6). I am to request that the Municipal Budget for 1937-38 may be revised on the lines indicated above. It should be accompanied by the following statements:-

- (1) Surplus Account for 1937-38
- (2) Rent Fund Account for 1937-38.

(7) The budget should in future be accompanied by

- (a) The statements of all capital expenditure on works required by Budget Rules 1(ii) and (3). These were not forwarded previously.
- (b) A separate statements showing receipts and expenditure under the Surplus Account prepared according to the instructions in this letter.
- (c) A separate statement showing receipts and expenditure under the Rent Account prepared according to the instructions in this letter.

The figures of receipts and expenditure under these heads should not be included in the budget proper. Amendments required in the budget rules will be issued later.

5. Water supply account. The receipts, expenditure and deficit under the water

supply

supply account from 1933-34 to 1937-38

are as noted below:-

	<u>Receipts.</u> Rs.	<u>Expenditure</u> Rs.	<u>Deficit.</u> Rs.	
<u>1933-34</u>				
Budget	2,56,530	5,07,615	2,51,085	} Grant paid 2½ lakhs of which 1 lakh was for purchase of meters.
Actuals.	2,17,867	5,05,669	2,87,802	
<u>1934-35</u>				
Budget	2,87,370	4,44,225	1,56,855	} Government grant Rs.88,943/-
Actuals.	3,42,656	4,31,599	88,943	
<u>1935-36</u>				
Budget	3,24,620	4,26,140	1,01,520	
Actuals.	3,47,224	4,14,555	67,331	
<u>1936-37.</u>				
Budget	3,53,970	4,37,060	83,090	
Actuals.	3,80,969	4,19,120	38,151	
<u>1937-38.</u>				
Budget.	3,72,675	4,17,950	45,275	
Probale actuals.	3,80,175	4,12,950	32,775	

The above account shows that the deficit is rapidly diminishing and that the probable deficit for 1937-38 will be only Rs.32,775/-. It is possible that at the close of the year's working the deficit will be still less. With reference to your letter No.1012/37, dated the 5th April 1937, I am to say that the Hon'ble the Resident cannot guarantee a grant this year to meet the water supply

deficit

deficit and the budget must therefore be framed on the anticipation that such grant will not be given. If it is given, the resulting surplus can be added to the surplus account and will be available for capital expenditure in 1938-39.

6. Rent Fund. The Rent Fund balance will stand at Rs.1,40,338/- at the end of 1937-38. The scheme for converting the sweeper huts on Robertson Road into living quarters at a cost of Rs.23,000/- referred to in your letter No.1097/36, dated the 4th March 1937 is approved. The expenditure should be met from the balance referred to above and included in the rent account budget. I am to request you to resubmit the proposals for the acquisition of houses in pension lines, Mootoo-Cherry and Grass Cutters' Lanes if you intend that any expenditure under this scheme should be incurred during 1937-38. Otherwise please resubmit the scheme early in

* Rs. 1,40,338 including
the expenditure of
Rs. 2,250. including
1937-38

CIVIL AND MILITARY STATION, BANGALORE.
MUNICIPAL OFFICE.Dated.....26th July.....1937.

From

L. J. MAC IVER, ESQ., I. C. S.,

President, Municipal Commission,

Civil and Military Station, BANGALORE.

To
The Secretary to the Hon'ble the Resident in Mysore
Bangalore.

SIR,

Subject:- Budget Estimates of
the Municipal Commission.

S.N. 3

y(R)

With reference to para 4 (6) of your letter No.F.569-37/R.O.II, dated the 12th June 1937 on the above subject, I have the honour to enclose the Budget for 1937 - 38 together with the Surplus and Rent Fund accounts revised as directed in your letter. The arrears to be paid to the Mysore Government toward water supplied during 1936 - 37 viz. Rs.1,14,750/- and the balance for 1936 - 37 which represents the surplus viz. Rs.12,428/-, making up Rs.1,57,178/- in all, are shown as the opening balance. The closing balance viz. Rs.48,132/- has been transferred to the surplus account for which a separate pro-forma account is enclosed.

2. The following remarks are offered in respect of the several points raised in the letter :-

(1) Para 2 (2). - A sum of Rs.53,331-12-0 being the instalments for September and October 1936 was paid on 9th March 1937. No further payment was made during the year as the funds available for payment could be worked out only after the final accounts were made up. Usually the arrears of one year are paid at the beginning of the following year. There were no funds in the water account to pay the amount. The water bills have hitherto been met from the receipts under the water account, the deficit being met by a subvention from Government in the following year.

F.T.O.

(1) Para 3. - The savings of Rs.2,930/- under 1. "Foot-paths" were due to (1) keeping back some of the works which were of lesser urgency for consideration next year, (2) to the actual expenditure on many of the estimates being much less than the estimated amounts on account of lower tenders and (3) the non-completion during the year of the work of forming a traffic island at the junction of Sydney, Grant and Sampangi roads for which an estimate of Rs.2,348/- was sanctioned, owing to correspondence with the Bangalore City Municipality in connection with the design of the island and their portion of the work.

(3) The savings of Rs.4,320/- under 2. "Acquisition of land and original works" are due to certain road estimates amounting to Rs.4,221/-, which were provided for under this head having been deferred as they were found in the course of the year to be not of such pressing urgency as originally anticipated.

(4) As regards item 3, the original provision in the Budget for 1936 - 37 was Rs.66,000/- (Ordinary Rs.6,000/- and Capital Rs.60,000/-). The savings effected in accordance with this office letter No.1165/36 dated the 2nd December 1936 were Rs.41,000/-. The balance was Rs.25,000/- of which Rs.6,000/- was shown under "Ordinary" head and Rs.19,000/- under "Capital". The figure Rs.55,000/- was erroneously entered in the pro-forma account at the last page instead of Rs.66,000/-, which was shown correctly in the body of the Budget. A sum of Rs.11,821/- was sanctioned by the Municipal Commission in their resolution No.8 dated the 25th June 1936 towards incomplete works of the previous year and Rs.3,821/- for acquisition of land on Borebank road for a school playground sanctioned in Secretary to the Hon'ble the Resident's letter No.F.440-37/R.O.II, dated the 12th March 1937. Besides, a sum of Rs.1,661/- was transferred to this head from the "Reserve" heads to the extent of the sanctioned estimates under those heads, before the allotments under those heads were omitted from the Budget. This accounts for the large excess under this head.

(5) Para 4 (2). - I agree to the suggestion to keep separate accounts

2. N. 14
 2, 930/-
 2, 348/-
 = 582/- 36
 of (N)

2 N 2
 = 2 2
 of (N)

accounts and it will be adopted in future budgets. It may necessitate a change of form in the Budget, which, it is presumed, will be communicated to me.

(6) Para 4 (3). - The receipts under several heads of revenue have been increased as directed, although I am not sure that an increase in receipts under such uncertain heads as Excess Water, Duty on Transfer of Property and Water Supply to the Military, will be accomplished. Previous budgets have been based on more conservative estimates. The reductions in expenditure under "Water Supply Distribution" and under "Unfiltered Water Supply" have been carried out, though I feel bound to point out that hardly any margin for eventualities, such as damages to pipes, machinery and reservoir, has been allowed for.

(7) Regarding fresh items. -

(1) Dry Fish Market. - The provision of Rs.9,500/- was for acquisition of a little more land to be added to the portion already acquired for which a compensation statement has been received from the Collector and approved by the Municipal Commission. Plans and estimates are not ready. They can be prepared only after the acquisition is completed. The provision has been omitted as directed.

(8) (2) Improvements to Kodi Channel. - The Municipal Commission was definitely asked not to proceed with Capital Works in Secretary to the Hon'ble the Resident's letter No.F.579-36/R.O.II, dated the 14th October 1936. The final sanction of the Hon'ble the Resident to the Budget Estimates of 1936 - 37 was received only at the end of January 1937. Hence there was no sufficient time to call for tenders, etc. and put the work in hand during the year. In the meanwhile the plans and estimates for this work have been revised to Rs.9,477/- and are now ready. The work will be taken up when finances permit, though it is regarded as a necessary and urgent improvement.

(9) Grants for Reading Room and Annavasanthi Sangham. - These items have been excluded from the Budget as directed.

(10) Purchase of water pump etc., from the M. & S. M. Railway. -

The sanction of the Hon'ble the Resident was not necessary for the payment of this sum. This was payable under the terms of the registered agreement with the Madras and Southern Mahratta Railway. The amount has already been paid and shown in the surplus account as suggested.

(11) (5). I do not think there is any possibility of savings in the provisions of Rs.50,000/- and Rs.15,000/- under "(3) Other Roads - Cantonment Roads". These are the usual provisions made year after year and they are absolutely necessary. As the grant from the Road Development Fund is said to be uncertain, it is not possible to reduce the provision for roads. Exclusive of the grant from the Road Development Fund, the amount provided from the Municipal Fund proper is only Rs.35,000/- under "Cantonment Roads".

3. 6. The sum of Rs.23,000/- sanctioned for converting the Sweeper huts on Robertson road into living quarters is shown in the Rent account. The proposals for the acquisition of houses in Pension Lines, Mootoocherry and Grass Cutters' Lanes will be resubmitted in due course for inclusion in the Budget of the Rent Fund Account in 1938 - 39.

4. Water Supply Account. - According to the revised figures the deficit under the Water Supply account comes to Rs.34,575/- exclusive of the amount payable to the Madras and Southern Mahratta Railway towards the cost of pumps etc., which has been charged to the surplus account, though in my view it would be a legitimate charge on the water account. The above deficit has been met from general revenues in order to balance the water supply account. The Municipal Commission have been deprived from their ordinary resources of this large sum, which would otherwise be available for meeting other items of capital expenditure of an urgent and pressing nature. It will thus be seen that the case for a subvention to meet this deficit still subsists.

I have the honour to be,
Sir,
Your most obedient servant,

President, M. C.

MVL.

Summary

I. Please see para 4, last sentence, of Resident's letter No.F.569-37/R.O.II, dated 12th June 1937. The following amendments are proposed to be made in the Budget Rules contained in appendix No.51 to the Bye-Laws of the Municipal Commission.

1. In Rule 1, insert the words "and a summary" after the word "budget" in line 2, and after "financial year" at the end of the first sentence, insert "(excluding receipts and expenditure under the "Rent from Settlements" account)".

2. Insert the following under Rule 1:

"(i) Statement showing the opening balance of the Surplus Account, the expenditure under the various budget heads to be met therefrom and the closing balance", and re-number (i) to (v) as (ii) to (vi).

3. Insert the following as the second sentence of Rule 2:

"It shall be a balanced budget on the year's working and any actual surplus left at the end of the year shall be carried to the credit of a "Surplus Account".

4. Introduce the following as Rule 3A:

"Expenditure from the Surplus Account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year and shall not be incurred without the special sanction of the Resident. The budget for the year shall clearly indicate the expenditure that is to be met from the Surplus Account"

5. Introduce the following as Rule 3B:

"A separate budget shall be prepared of the receipts from rents of model settlements and expenditure to be incurred therefrom. Expenditure shall be confined to the objects for which the fund has been created and shall not be incurred without the special sanction of the Resident. It shall show the opening balance, the

Issued
10/1/38

the probable receipts and expenditure of the year, and the closing balance".

6. In Rule 7, omit the words " and additional allotments", and "allotment or ", occurring in the first sentence and insert a full stop after "Rs.2000/-" and delete the rest of the sentence.

Recast the second sentence of the same Rule as follows:-

"Transfers exceeding Rs.2000/- and all additional allotments require the previous sanction of the Resident".

7. Insert the following as the second sentence of Rule 10:

"A summary of the revised estimate shall be attached to the budget".

8. Substitute the following for the existing Form A :

(See sample form attached).

For convenience of reference a copy of the Budget Rules with the proposed amendments carried out is appended.

II. As regards the date of submission of the budget to the Resident (vide Rule 6(i)), it is suggested that it may be advanced by 10 days and sent to the Resident on the 1st instead of on the 10th of March. This is considered necessary to give sufficient time for its examination and ~~for its~~ return to the Municipal Commission as passed by the Resident, by the 1st of April.

The President, Municipal Commission is requested to offer his remarks as early as possible.

BRITISH AND FOREIGN BIBLE SOCIETY

BANGALORE AUXILIARY

J. H. DICKSON

HON. SECRETARY & TREASURER

March 25th, 1937

A/1 SOUTH PARADE
BANGALORE

Sir:

I have the honour to state that the front and rear walls of our building at A/1 South Parade are showing signs of leaning outward. We sought the advice of the Assistant Municipal Engineer, Mr J. W. Edwin, and he advises,

- (1) That six tie rods anchored to 1/4" plates 18" square be put in to prevent the walls from moving further.
- (2) That the heavy castellated parapets on the four main gables be removed and light, plain parapets substituted.
- (3) That a protective ramp 3' wide, 6" thick with a slope of 3" formed of cement concrete be put next the foundation all round the building - this to keep moisture from direct access to the foundations.

At a meeting of the governing Committee held on the 23rd inst. I was instructed to communicate with you and request permission to proceed with the alterations above noted. We were informed that you had already given the Book & Tract Society whose building is next to ours permission to make substantially the same alterations for which we are now seeking your permission.

I have the honour to be, Sir,

Your obedient servant

J. H. Dickson
Hon. Secretary.

The Hon'ble.
The Resident,
Bangalore.
